Primary Goal

The Zupharm Laboratories website must serve as the company's primary digital asset — a credible, professional, and conversion-oriented platform that communicates the brand's vision, product portfolio, business model, and investment opportunity. The site should establish trust with all stakeholder groups from day one of operations.

Objective	Description
Brand Authority	Communicate Zupharm's quality standards, certifications, and WHO-GMP manufacturing partnerships
Lead Generation	Convert visitors into PCD franchise enquiries, third-party manufacturing leads, and stockist applications
Investor Confidence	Provide a credible investor section with company overview, financials, vision, and contact pathway
HCP Engagement	Enable healthcare professionals to explore the product range, download catalogues, and request samples
AI Product Showcase	Introduce ZuAI, ZuDoc, ZuSupply, and ZuAnalytics as differentiators from traditional pharma companies
Regulatory Compliance	Display all licences, CIN, GST, and drug licence numbers to establish legal credibility

Target Audience

PCD Franchise Partners

- Entrepreneurs & pharma professionals seeking monopoly-based PCD franchise
- Looking for WHO-GMP certified products, wide SKU range (500+), and marketing support
- Primary conversion goal — Franchise Enquiry Form submission

Healthcare Professionals

- Doctors, pharmacists, and hospital purchase managers
- Interested in product composition, therapeutic categories, and clinical data
- Secondary goal — Product Catalogue download and Sample Request

Business Stakeholders

- Third-party manufacturing clients seeking formulation and packaging

Zupharm Laboratories requires a Hybrid Multi-Purpose Pharmaceutical Website that combines three distinct website models into a single, unified digital platform.

Model A**Corporate Pharma Website**

- Establishes institutional credibility and brand trust
- Company history, vision, leadership, certifications
- Investor and media information
- Suitable for: Banks, regulatory bodies, investors

Model B**B2B Pharma Marketing Website**

- Showcases product portfolio with detailed composition data
- Therapeutic category navigation and product search
- PDF catalogue downloads and sample request forms
- Suitable for: Doctors, pharmacists, hospital buyers

Model C**PCD Franchise Lead Generation Website**

- Optimised for converting franchise enquiries
- Monopoly area map, ROI calculator, step-by-step apply process
- Franchise inquiry form with CRM integration
- Suitable for: PCD franchise seekers across India

Recommendation

- Build ONE unified website with modular sections, not three separate sites.
- Recommended build order: Phase 1 — Corporate + PCD Franchise + Products
- Phase 2 — Investor Portal + Doctor Login + AI Product Showcase
- Phase 3 — Distributor Login + Ordering System + ZuAnalytics Dashboard
- Estimated Phase 1 timeline: 6–8 weeks from design approval

Home (/)

- Hero banner with brand tagline and primary CTA
- Company introduction with key statistics
- Product category highlights (visual cards)
- PCD franchise opportunity teaser section
- Why Choose Zupharm — icon grid with USPs
- AI products strip (ZuAI, ZuDoc, ZuSupply, ZuAnalytics)
- Certifications and compliance badges
- Testimonials or partner logos
- Footer CTA with WhatsApp

About Us (/about)

- Founder message with photograph and biography
- Company story — founded April 2025, licensed Nov 2024–Jan 2025
- Mission statement and core values
- Company milestones timeline
- Leadership team section
- Manufacturing partnerships and quality commitments
- Awards and recognition

Vision & Mission (/vision-mission)

- Full vision statement prominently displayed
- Mission statement with supporting detail
- Short-term and long-term goals
- Company values with visual icons
- Revenue and growth roadmap summary (FY2026–FY2030)

Our Values (/values)

- Core values in card format (quality, integrity, innovation, care)
- How values translate to products and operations
- Employee and partner code of conduct summary

Our Products (/products)

- Product category listing with thumbnail cards
- Search and filter (category, form, therapeutic area)
- Individual product detail pages
- Downloadable product catalogue PDF
- Sample request form per product

PCD Pharma Franchise (/pcd-franchise)

- Franchise opportunity hero banner
- Why choose Zupharm for PCD — USP grid
- What franchisees receive (monopoly, support, materials)
- Investment and eligibility criteria
- 3-step application process
- Territory availability map (Phase 2)
- Franchise inquiry form

Third Party Manufacturing (/third-party-manufacturing)

- Service overview and capabilities
- Dosage forms manufactured (tablets, capsules, syrups, injections, etc.)
- Minimum order quantities and lead times
- Quality certifications and GMP compliance
- Third-party inquiry form with specification upload

Research & Quality (/research-quality)

- Quality philosophy and commitment statement
- Manufacturing partner certifications (WHO-GMP, ISO 9001:2015)
- Quality control process with visual infographic
- CDSCO and drug authority compliance
- R&D; pipeline overview and future formulations

Our Infrastructure / Network (/infrastructure)

- Pan-India distribution network map
- Warehouse and cold-chain infrastructure
- Manufacturing partner facility details
- Technology stack — ZuSupply AI inventory management
- Coverage: states, cities, distributors

Career (/careers)

- Why work at Zupharm — culture and growth
- Current job openings with filters
- Application form with CV upload
- Internship and management trainee programme
- Employee testimonials (Phase 2)

Blog / Knowledge Centre (/blog)

- Health and pharma industry articles for SEO authority
- Franchise guidance content (how to start PCD, ROI calculations)
- Regulatory updates and compliance news
- Product category education content
- Category tags: Franchise | Products | Regulatory | Health | AI Pharma

Investor / Company Info (/investor)

- Company overview for investor audience
- Business model and revenue strategy summary
- Market opportunity — Indian pharma market size
- Financial projections overview (without sensitive data)
- Management team credentials
- NDA-gated investor deck download

Contact Us (/contact)

- Dual office addresses (Gurugram + Okhla) with Google Maps embeds
- General enquiry form
- Department-specific contact: PCD, Manufacturing, HR, Investor
- WhatsApp direct link
- Email, phone, GST, CIN details
- Office hours and response time commitment

The homepage is the most critical page and must communicate Zupharm's brand identity, product offering, and franchise opportunity within 5 seconds of the visitor's arrival. Each section below should appear in this order:

1. Hero Banner

- Full-width background with a high-quality pharmaceutical imagery or abstract gradient
- Company name, tagline: 'Quality Pharmaceuticals. Intelligent Distribution.'
- Two primary CTAs: 'Explore Our Products' (teal button) and 'Apply for Franchise' (gold button)
- Animated counter strip below hero: 500+ Products | 20+ States | 100+ Franchise Partners | WHO-GMP Certified

2. Company Introduction

- Two-column layout: Left — brief company story (3–4 sentences); Right — founder photo with credentials
- Key stats displayed as animated number counters on scroll
- Link to About Us page

3. Product Category Highlights

- Visual card grid (3 or 4 columns) showing major therapeutic categories
- Categories: Cardiac, Derma, Ortho, Neuro, Gynae, Paediatric, Gastro, Diabetology
- Each card: category icon, name, number of products, 'View Range' button

4. PCD Franchise Opportunity

- Dark navy/teal full-width banner section
- Headline: 'Start Your Pharmaceutical Business with Zupharm'
- Three benefits: Monopoly Rights | WHO-GMP Products | Full Marketing Support
- Single CTA button: 'Apply for PCD Franchise'

5. Why Choose Zupharm

- Icon grid (6 cards): 500+ SKUs | WHO-GMP Certified | Monopoly Rights
- AI-Driven Systems | Competitive Pricing | Dedicated Support
- Each icon with a 2-line description

6. AI Products Strip

- Horizontal card row for: ZuAI Engine | ZuDoc | ZuSupply | ZuAnalytics
- Brief 1-line description per product
- Link to AI section or investor page

7. Certifications & Compliance

- Logo strip: WHO-GMP | ISO 9001:2015 | FSSAI | CDSCO | Drug Licence
- Trust-building statement about manufacturing quality standards

8. Testimonials / Partners

- 3-column testimonial cards from franchise partners / doctors (to be added post-launch)
- Placeholder text: 'Testimonials loading — launch April 2026'

9. Footer CTA Strip & Footer

- Full-width strip: 'Have a Query? Contact Us Today' with WhatsApp button
- Footer: Logo, navigation links, social media icons, office addresses
- Legal: Privacy Policy | Terms | Drug Licence No. | CIN | GST | © 2026 Zupharm

Product Listing Page

- Left sidebar: Filter by Therapeutic Category, Dosage Form, Availability
- Top search bar with auto-suggest for brand and generic names
- 3-column product card grid with thumbnail, brand name, composition, dosage form, category badge
- Pagination (24 products per page) with 'Load More' option
- Prominent 'Download Full Product Catalogue (PDF)' button at top

Individual Product Detail Page

Product Field	Description / Format
Brand Name	Zupharm commercial name for the product
Generic Name	Active pharmaceutical ingredient (INN)
Composition	Full composition with strengths (e.g. Atorvastatin 10mg + Clopidogrel 75mg)
Dosage Form	Tablet / Capsule / Syrup / Injection / Cream / Drops etc.
Packing	10x10 Alu-Alu / 10x10 Blister / 60ml / 30ml etc.
Therapeutic Category	Cardiac / Derma / Ortho / Neuro / Gynae etc.
Indication	Clinical use and indication summary
Storage	Storage conditions (below 25°C, away from moisture)
MRP	Maximum Retail Price in INR
Availability	Pan-India / Select States / On Request

Therapeutic Categories (12 Divisions)

- Cardiac & Diabetology
- Dermatology
- Orthopaedic & Pain
- Neurology & Psychiatry
- Gynaecology & Obstetrics
- Paediatrics
- Gastroenterology
- Respiratory & Pulmonology
- General Medicine
- Vitamins, Minerals & Supplements
- Eye, ENT & Dental
- Oncology Support (Phase 2)

This page is the highest-priority conversion page on the website. Every element must be designed to build confidence and motivate a franchise enquiry form submission.

Hero Banner

- Headline: 'India's Next-Generation PCD Pharma Franchise Partner'
- Subheading: 'WHO-GMP Products | Monopoly Rights | 500+ SKUs | AI-Powered Support'
- Primary CTA: 'Apply Now for Franchise' (large gold button)
- Hero image: professional pharma representative with medical background

Why Choose Zupharm for PCD Franchise

- 500+ premium SKUs across 12 therapeutic divisions
- Exclusive monopoly rights by district/territory
- WHO-GMP and ISO 9001:2015 certified manufacturing partners
- Attractive product margins and competitive pricing
- Comprehensive marketing inputs: visual aids, reminder cards, MR bags
- Dedicated franchise support team and ZuSupply AI for order tracking

What You Get as a Franchise Partner

- Complete product price list (on NDA/enquiry)
- Product visual aids and promotional materials
- MR bag, visiting cards, and company-branded stationery
- Dedicated relationship manager
- Regular product updates and new launches
- Priority allocation on new SKUs in your territory

Investment & Eligibility

- Minimum investment: As per territory and product selection
- Drug licence required (Form 20/21) or eligibility to obtain
- Prior pharma experience preferred but not mandatory
- Available across all states — Tier 1, 2, and 3 cities

3-Step Application Process

- Step 1 — Fill the Online Enquiry Form with territory preference
- Step 2 — Our team will call within 24 hours for discussion
- Step 3 — Agreement signed, products dispatched, business begins

Franchise Enquiry Form Fields

Form Field	Input Type	Notes
Full Name *	Text	Required
Mobile Number *	Phone	Required — for callback
Email Address *	Email	Required
City & State *	Dropdown / Text	Territory selection
Drug Licence Number	Text	Optional at enquiry stage
Preferred Product Category	Multi-select Dropdown	Cardiac, Derma, Ortho, etc.
Current Business / Experience	Dropdown	Existing distributor / New entrant / Other
Message / Requirements	Textarea	Optional — special requests

CRM Integration Note

- All franchise enquiry form submissions must auto-forward to CRM (Zoho CRM or HubSpot Free).
- Set up automated email acknowledgement within 2 minutes of submission.
- WhatsApp API trigger on submission (optional — Phase 2).

Colour Palette

Colour Name	Hex Code	Usage
Primary Navy	#0B2545	Main backgrounds, headers, footer
Primary Teal	#0D7377	Buttons, links, section accents, section headers
Light Teal	#14BDAC	Hover states, highlights, gradient accents
Sky Blue	#E8F4FD	Section backgrounds, info boxes, alternating rows
Gold / Amber	#D4A017	CTAs, badges, awards, premium elements
Dark Gray	#2D3748	Body text, descriptions
Mid Gray	#718096	Captions, meta text, footer content
White	#FFFFFF	Card backgrounds, main content areas

Typography

Element	Font / Size	Usage
Primary Heading Font	Inter Bold / Poppins Bold	H1–H3, Section titles, CTAs
Body / Content Font	Inter Regular / Open Sans	Body text, descriptions, labels
H1 Homepage	40–48px	Hero titles only
H2 Section Title	28–32px	Section headings
H3 Subsection	20–24px	Subsection titles, card headings
Body Text	16px / 1.7 line-height	All paragraph content
Caption / Meta	13–14px	Breadcrumbs, captions, footer text

UI / UX Recommendations

- Maximum content width: 1200px centred — wide backgrounds can extend full-width
- Sticky navigation bar with company logo, mega-menu for Products, and prominent 'Apply for Franchise' CTA button
- Mobile-first design — fully responsive across all screen sizes (320px to 1920px)
- Sticky WhatsApp chat button on all pages (bottom-right corner, green)

- Smooth scroll animations using AOS (Animate On Scroll) library
- Icon-based design for features sections — use Phosphor Icons or FontAwesome
- Micro-interactions: button hover states, card elevation on hover, form field focus styles
- Breadcrumb navigation on all inner pages for UX and SEO
- Progress indicators on multi-step forms (franchise application)
- Accessibility: ARIA labels, sufficient colour contrast (WCAG AA), keyboard navigation

Design Inspiration — Top Pharmaceutical Websites

Company	Website	Key Learning
Sun Pharma	sunpharma.com	Clean corporate layout, strong product filtration, credibility elements
Cipla	cipla.com	Warm human-centric design, accessible navigation, news integration
Mankind Pharma	mankindpharma.com	Bold hero sections, franchise-focused CTAs, animated statistics
Torrent Pharma	torrentpharma.com	Enterprise-grade design, investor section best practice
Medley Pharmaceuticals	medleypharmaceuticals.com	PCD franchise focus, territory map, strong lead capture
